

## Junior Web Tracking JavaScript Developer full-time (w/m)

Webrocket is a young and dynamic Vienna-based venture and the only Austrian agency specialized in web analytics. Our result-driven services, which we provide to a number of international clients, exceed the usual reporting of other agencies by a vast margin. We regard web analysis as a thorough craft rather than mumbo jumbo. In today's era of artificial intelligence and data tracking, it's our mission to empower data-driven companies through our SaaS solutions and thereby foster their performance in an ever-changing regulatory environment.

### Requirements:

- Minimum of 2 years of work experience working with web technologies (e.g. JavaScript, HTML5, browser APIs, HTTP standards)
- Experience connecting to and making use of JS or REST APIs
- Enthusiasm for web technologies and the power of data
- Experience in marketing and/or web analytics tools (e.g. Google Analytics, Adobe Analytics, Webtrekk)
- Experience with tag management tool (e.g. Google Tag Manager, DTM, Tealium)
- Active contribution through the entire development process
- Problem-solving mentality and eagerness to learn
- Strong work ethic, high flexibility and independent working style
- Excellent English communication skills; German advantageous but not required

### You will be in charge of:

- Technical consulting on digital analytics projects for customers from a variety of industries
- Evaluation of existing tracking implementations
- Concept and setup of tag management setups
- Development of custom tracking scripts
- Internal point of contact for advanced / technical tracking issues
- Testing and evaluation of new features and solutions for web analytics systems

Take advantage of the modern flat hierarchy of a young venture, flexible working hours, motivated colleagues and an excellent transport connection (U4 Pilgramgasse) .

Annual Basic salary according to collective agreement classification: EUR 40.560,- (overpayment according to qualification)

**We look forward to hearing from you.**
